

**The following is a list of problems that are not usually an emergency and probably can wait until normal business hours (at least over night) but do need to be investigated.**

**For an appointment call 518-283-1166 during normal business hours.**

---

- Ear problems - dirty or smelly ears with minor head shaking.
- Generalized itching and feet licking with no sores.
- Worms in bowel movement.
- Lameness with little or no pain.
- Increase thirst and urination.
- Loss of appetite. Pet skipped a meal or two with no other signs of illness.
- Strange odors from the body.
- Scooting rear end on the ground or floor.
- Vomiting once daily or occasionally with no loss of appetite.
- Minor lacerations. Those that aren't bleeding and are not deep or over 2 inches in length.
- Excessive thirst and urination with no blood, pain or straining.
